

VONK.

GROUP QUALITY MANAGER

- Northern Suburbs
- ASX Listed Company
- Attractive Salary & Benefits

This leading Australian group is the only truly integrated agriculture and food manufacturer of its type in Australia. With a turnover approaching \$100m and with a growing export presence they face the future with confidence.

This role has materialised at an exciting time. Reporting to Senior Operational Management the main purpose of the role is to manage all aspects of the Food Safety & Quality Assurance Systems for the various elements within the group. Consequently this is a multi faceted role which will ensure the responsibilities are wide ranging and diverse to include;

- Ensure the GMP/Food Safety/ Quality System are maintained and managed
- Ensure routine Quality Assurance program is sustained efficiently
- Review and implement Quality Assurance Procedures
- Be a driver of the Continuous Improvement Program

The successful candidate will have excellent interpersonal skills and be capable of communicating effectively at all levels within the organisation. The ideal person will have a minimum of 5 years manufacturing experience preferably with significant exposure to food processing, and possess tertiary qualifications in Quality Assurance or a related discipline. The ability to provide commercial solutions is prerequisite in this role as is the ability to manage and motivate a small team.
