

NZ MANAGER - SERVICE OPERATIONS

- Senior Management Team Role
- Auckland based • c \$130-140K Package

Heidelberg is an internationally operating enterprise with production sites throughout Europe and the USA. With an unparalleled reputation for new technical products and business innovation it deservedly occupies 'icon' status within the industry in which it operates. Worldwide revenues exceed \$7.6bn and the company employs over 18,000 people.

This role materialises at an exciting and challenging time in the company's development and offers an exceptional opportunity for an individual to spearhead a period of change and increased performance from an already highly regarded operation.

This role will require strong leadership and management skills to ensure the service offering remains an industry leader, yet at all times reflects the group's strong commitment to customer satisfaction.

Your passion, drive and results focused approach will ensure increased performance, and as a result, greater revenue stream and profit. This will be achieved by the creation of a strategic business plan, constant review and enhancement of the service offering and the development of strong relationships with internal and external clients.

We are looking for an individual who has a demonstrable track record of achievement to date, has strong business acumen, can effectively lead an experienced and professional team and can inspire confidence from day one. Experience gained in the capital equipment industry will be considered favourably.
