

## OCCUPATIONAL HEALTH, SAFETY & ENVIRONMENT OFFICER

- **Global Engineering and Manufacturing Business**
- **Eastern Suburbs**
- **To \$70,000 +super + 12 RDO + benefits**

This International Engineering and Manufacturing business employs 550 people at its eastern suburbs site. It is universally acknowledged by its peers to be a pioneering and creative company renowned for its product quality and innovation.

Established in Australia in 1989 the company has been the recipient of many domestic and international awards based on the safety, quality and customer- centric focus of its operations.

The primary objective of this role is to maintain and enhance a safe, healthy and environmentally friendly working environment for all personnel and assist with the management of all OH&S and environment risks. Working as part of the HR team, further responsibilities will include: providing high-level professional advice and support on all aspects of OH&S and environment issues. The successful candidate can anticipate significant international exposure as the Australian operation is justifiably considered to be leading edge.

Candidates will have extensive experience in manufacturing and must be degree qualified in an appropriate area. Knowledge of QS9000, ISO1400 and AS4801 will assist in the ability to advise and recommend actions to eliminate risk. With high level communication skills, you will be able to analyse, interpret and ensure all related legislative requirements and corporate goals are adhered to.
